Re: *Application of the Virgin Islands Public Services Commission for
Reauthorization of the Virgin Islands Telecommunications Relay Service,*
CG Docket No. 03-123

Dear Mr. Hlibok:

This letter is to advise you that the Virgin Islands Public Services Commission ("Commission") is in the process of preparing its application to seek reauthorization of the Virgin Islands Telecommunications Relay Service consistent with the requirements of 47 C.F.R. § 64.606 of the Commission's rules (and on January 30, 2013 requested that VITELCO assist in preparing the application). Although the Commission is cognizant of the Consumer and Governmental Affairs Bureau's request that such renewal applications be filed no later than October 1, 2012, in order to provide sufficient time for review and approval, the Commission was unable to meet this deadline. After VITELCO's discussion with your staff, we write to update you on timing of the application. The Commission expects to file its application for reauthorization in early March.

Wiley Rein LLP does not represent the Commission, but we have been asked to provide this letter as a courtesy.

Sincerely yours,

Thomas J. Navin
